Women and IP: Accelerating Innovation and Creativity

Marian Croak

Vice President of Engineering at Google and
Leader of the Research Center for Responsible AI
and Human Centered Technology

As we continue to celebrate **World Intellectual Property Day 2023** under the theme “**Women and IP: Accelerating Innovation and Creativity**”, the Bermuda Intellectual Property Office would like to share the story of a remarkable innovator, Marian Croak.

Marian has 200 patents to her name, including the technology behind Zoom. She has become one of the first Black women inducted into the **Inventors Hall of Fame!**

Marian Croak is now vice president of engineering at Google and leads the Research Center for Responsible AI and Human-Centered Technology.

Learn more about Marian Croak and be inspired to bring your creativity and innovations to life!
