

MAKE SURE YOUR L^{ADDER} DDER Doesn't Let You Down

- ✓ Check your surroundings – be aware of power lines and other potential hazards.
- ✓ Choose the right ladder for the job.
- ✓ Make sure your ladder is in good repair.
- ✓ Place on stable, level surface.
- ✓ Face the ladder and keep 3 points of contact.

Know your responsibilities:
The Occupational Safety and Health Regulations 2009 – Ladders, Part 17: 324-328
