## PART 1 – INVITATION AND SUBMISSION INSTRUCTIONS

### 1.1 Invitation to Proponents

This Request for Proposals (the “RFP”) is an invitation by the Government of Bermuda (the “Government”) to prospective proponents to submit proposals for **Bus wash System Replacement** as further described in Section A of the RFP Particulars (Appendix D) (the “Deliverables”).

The Department of Public Transportation (DPT), Ministry of Transport, Government of Bermuda, is seeking proposals from experienced bus wash manufacturers for the replacement of the existing bus wash system at the headquarters facility. The DPT operates a fleet of 120 public service single deck buses, inclusive of electrical and diesel motor powered units. The headquarters, with a parking yard, maintenance facility and a drive-through bus wash, is located at 26 Palmetto Road, Devonshire, Bermuda.

The existing bus wash system, Model 3000A is 26 years old and was supplied by N/S Corporation. This equipment has reached the end of its useful life and requires a full replacement.

The bus wash is located at the northern end of the maintenance garage and is a purpose-built structure with floor drains and a water reclamation system. Please refer to the existing bus wash drawings and the DPT site information provided for siting and access within the main DPT Bus Garage facility.

The Work consists of supplying a proprietary bus wash system as well as all the related materials needed to furnish a turnkey System, providing manufacturer's supervision for the installation, which will be done by local Bermuda labour and the training of four (4) persons to operate the bus wash and two (2) technicians to maintain the system. All in accordance with the Plans and the Specifications of this RFP and all local regulations.

The site will be made available to the successful proponent clear of the existing bus wash system, which will be removed and disposed of by others. The existing portal frame building, roof structure, ground slab, guide rails and site drainage will remain in place and will need to be assessed and, if necessary, revised to suit proponents Bus Wash System design requirements. Existing electrical and plumbing systems will be isolated, and the successful proponent will be required to review and if necessary, recommend any upgrade details. The successful proponent will also be required to commission, test and re-commission the new bus wash to deliver a fully operational Bus Wash System to the DPT.

[End of Part 1]

## **PART 2 – EVALUATION, NEGOTIATION AND AWARD**

### **2.1 Stages of Evaluation and Negotiation**

The Government will conduct the evaluation of proposals and negotiations in the following stages:

### **2.2 Stage I – Mandatory Submission Requirements**

Stage I will consist of a review to determine which proposals comply with all of the mandatory submission requirements. If a proposal fails to satisfy all of the mandatory submission requirements, the Government will issue the proponent a rectification notice identifying the deficiencies and providing the proponent an opportunity to rectify the deficiencies. If the proponent fails to satisfy the mandatory submission requirements within the Rectification Period, its proposal will be rejected. The Rectification Period will begin to run from the date and time that the Government issues a rectification notice to the proponent. The mandatory submission requirements are set out in Section C of the RFP Particulars (Appendix D).

### **2.3 Stage II – Evaluation**

Stage II will consist of the following two sub-stages:

#### **2.3.1 Mandatory Technical Requirements**

The Government will review the proposals to determine whether the mandatory technical requirements, as set out in Section D of the RFP Particulars (Appendix D), have been met. Questions or queries on the part of the Government as to whether a proposal has met the mandatory technical requirements will be subject to the verification and clarification process set out in Part 3.

#### **2.3.2 Rated Criteria**

The Government will evaluate each qualified proposal on the basis of the non-price rated criteria as set out in Section F of the RFP Particulars (Appendix D).

### **2.4 Stage III – Pricing**

Stage III will consist of a scoring of the submitted pricing of each qualified proposal in accordance with the price evaluation method set out in Pricing (Appendix C). The evaluation of the price will be undertaken after the evaluation of mandatory requirements, and rated criteria has been completed.

### **2.5 Stage IV – Ranking and Contract Negotiations**

#### **2.5.1 Ranking of Proponents**

After the completion of Stage III, all scores from Stage II and Stage III will be added together, and the proponents will be ranked based on their total scores. The top-ranked proponent will receive a written invitation to enter into direct contract negotiations to finalize the agreement with the Government. In the event of a tie, the selected proponent will be the proponent selected by way of the lowest price.

## **2.5.2 Contract Negotiation Process**

Any negotiations will be subject to the process rules contained in the Terms and Conditions of the RFP Process (Part 3) and will not constitute a legally binding offer to enter into a contract on the part of the Government or the proponent and there will be no legally binding relationship created with any proponent prior to the execution of a written agreement. The terms and conditions found in the Form of Agreement (Appendix A) intended to provide the proponent advance notice of some of the key contractual provisions including indemnities, limitation of liabilities, service requirements, etc. that would be contained in the form of contract and are to form the basis for commencing negotiations between the Government and the selected proponent. Negotiations may include requests by the Government for supplementary information from the proponent to verify, clarify or supplement the information provided in its proposal or to confirm the conclusions reached in the evaluation, and may include requests by the Government for improved pricing or performance terms from the proponent.

## **2.5.3 Time Period for Negotiations**

The Government intends to conclude negotiations and finalize the agreement with the top-ranked proponent during the Contract Negotiation Period, commencing from the date the Government invites the top-ranked proponent to enter negotiations. A proponent invited to enter into direct contract negotiations should therefore be prepared to satisfy the pre-conditions of award listed in Section E of the RFP Particulars (Appendix D), provide requested information in a timely fashion and conduct its negotiations expeditiously.

## **2.5.4 Failure to Enter into Agreement**

If the pre-conditions of award listed in Section E of the RFP Particulars (Appendix D) are not satisfied or if the parties cannot conclude negotiations and finalize the agreement for the Deliverables within the Contract Negotiation Period, the Government may discontinue negotiations with the top-ranked proponent and may invite the next-best-ranked proponent to enter into negotiations. This process will continue until an agreement is finalized, until there are no more proponents remaining that are eligible for negotiations or until the Government elects to cancel the RFP process.

## **2.5.5 Notification of Negotiation Status**

Other proponents that may become eligible for contract negotiations may be notified at the commencement of the negotiation process with the top-ranked proponent.

[End of Part 2]

### **3.1.9 Equivalency**

When proprietary names, brands, catalogues or reference numbers are specified in the Deliverables, they are intended to set a minimum standard, and preference for any particular material or equipment is not intended. This RFP may be amended only by addendum in accordance with this section. If the Government, for any reason, determines that it is necessary to provide additional information relating to this RFP, such information will be communicated to all proponents by addendum. All addenda will be published online at <https://www.gov.bm/procurement-notice>. Each addendum forms an integral part of this RFP and may contain important information, including significant changes to this RFP. In the Submission Form (Appendix B), proponents must confirm their receipt of all addenda by setting out the number of each addendum in the space provided.

### **3.2.3 Post-Deadline Addenda and Extension of Submission Deadline**

If the Government determines that it is necessary to issue an addendum after the Deadline for Issuing Addenda, the Government may extend the Submission Deadline.

### **3.2.4 Verify, Clarify and Supplement**

When evaluating proposals, the Government may request further information from the proponent or third parties in order to verify, clarify or supplement the information provided in the proponent's proposal. The information may include, without limitation, clarification with respect to whether a proposal meets the mandatory technical requirements set out in Section D of the RFP Particulars (Appendix D). The Government may revisit, re-evaluate and rescore the proponent's response or ranking on the basis of any such information.

### **3.3 Notification and Debriefing**

### **3.4.7 Illegal or Unethical Conduct**

The proponent represents, warrants, and covenants that, in connection with activities performed under this Agreement or on behalf of the Government, the proponent has not and will not offer, promise, authorise, pay, or act in furtherance of an offer, promise, authorization, or payment of anything of value, directly or indirectly, to a Government Official (as hereinafter defined), political party or party official, candidate for political office, or official of a public international organisation, in order to obtain or retain business, to secure an improper advantage or benefit of any kind or nature to person(s) related, associated or linked to the Government Official, or to secure or influence discretionary action, inaction or a decision of a Government Official(s). For purposes of this proposal, the term "Government Official" shall mean and include any official, public officer or employee of the Government, as well as an official or employee in the judicial, legislative, or military, anyone acting in an official capacity for the Government, or any immediate family member of such persons. The proponent represents, warrants, and covenants that it has complied and will comply with *The Bribery Act 2016* and all other applicable laws of any relevant jurisdiction in connection with the performance of this Agreement. Without limiting the generality of the foregoing, the proponent represents, warrants, and covenants that it has not and will not take any action that would cause the Government or anyone acting on their behalf to violate or be subjected to penalties under *The Bribery Act 2016*, or the applicable anti-corruption laws of other countries.

The proponent acknowledges and agrees that in the event that the Government believes, in good faith, that the proponent has breached this section, the Government shall have the right to immediately withdraw and terminate this opportunity and terminate any or all other agreements with the proponent.

### **3.4.8 Past Performance or Past Conduct**

The Government may prohibit a supplier from participating in a procurement process based on past performance or based on inappropriate conduct in a prior procurement process, including but not limited to the following:

- (a) illegal or unethical conduct as described above;
- (b) the refusal of the supplier to honour its submitted pricing or other commitments; or
- (c) any conduct, situation or circumstance determined by the Government, in its sole and absolute discretion, to have constituted an undisclosed Conflict of Interest.

### **3.4.9 No Collusion**

Proponents must not engage in any collusion and must sign the certificate as set out in the Certificate of Confirmation of Non-Collusion (Appendix E).

## **3.5 Confidential Information**

### **3.5.1 Confidential Information of the Government**

All information provided by or obtained from the Government in any form in connection with this RFP either before or after the issuance of this RFP

## **APPENDIX C – PRICING**

### **1. Instructions on How to Provide Pricing**

- (a) Proponents should provide the information requested under section 3 below (“Required Pricing Information”) by reproducing and completing the table below in their proposals, or, if there is no table below, by completing the attached form and including it in their proposals.
- (b) Pricing must be provided in Bermuda funds, inclusive of all applicable duties and taxes, which should be itemized separately.
- (c) Pricing quoted by the proponent must be all-inclusive and must include all labour and material costs, all travel and carriage costs, all insurance costs, all costs of delivery, all costs of installation and set-up, including any pre-delivery inspection charges, and all other overhead, including any fees or other charges required by law.

### **2. Evaluation of Pricing**

Pricing is worth 30 percent of the total score.

Pricing will be scored based on the formula below. Each respondent will receive points of the total possible points allocated to price for the particular category it has bid on, which will be calculated by the following formula.

2.1 Price (include all cost) 5 = lowest bid, 4 = next lowest, etc. until 0 = most expensive

2.2 The respondent is in a stable financial position

Following financial checks, i.e., checking a bank reference, the following scores should be awarded. 5 = all financial checks sound, 3 = minor financial concerns, 1 = major financial concerns, 0 = no evidence provided / evidence of severe financial instability.

2.3 The respondent has no outstanding Government debt

Following financial checks with Social Insurance, the Accountant General's Department's Debt Collection Section, and the Tax Commissioner, the following scores should be awarded: 5 = all financial checks sound, 3 = minor financial concerns, 1 = major financial concerns, 0 = no evidence provided / evidence of severe financial instability.

In addition to any rectification processes, or rights to verify, clarify and supplement,

- (a) The Government will examine the responses to determine whether they are complete, whether any computational errors have been made, whether the documents have been properly signed, and whether the bids are generally in order.
- (b) Arithmetical errors will be rectified on the following basis:
  - (i) Where there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail and the total price shall be corrected. If the Proponent does not accept the correction of

errors, its Bid will be rejected. If there is a discrepancy between words and figures the amount in words will prevail;

- (ii) Where there is a discrepancy between the amounts in figures and in words, the amounts in words will govern; and
- (iii) Where there is a discrepancy between the individual lump sums and the total amounts derived for the sum of the individual lump sum, the individual lump sum as quoted will govern, and the total amount will be corrected.

### **3. Required Pricing Information**

The successful proponent will also be required to facilitate all the required site inspection processes during installation. Site inspection processes will include building inspections, electrical inspections and health inspections which are to be coordinated by the designated project manager.

The Proponent should be aware that Bermuda is situated in a marine environment with high summer temperatures, high humidity and is exposed to salt laden sea breezes. The DPT facility is only a few hundred yards from the coast, therefore all materials used should be durable non-metallic, hot-dipped galvanized, stainless steel or otherwise certified rust-proof material.

The Proponent should also be aware that the entire DPT site is located above a freshwater lens. Protocols and procedures for managing and reporting any spills of contaminants that could affect the fresh ground water during construction are published on the Department for the Environment and Natural Resources (DENR) web page. The successful proponent will be required to follow this notification and clean up procedures in the event of any spills of contaminants during construction, testing and commissioning.

The Occupational Health and Safety Act 1982 applies. During installation, commissioning and training, personnel will be required to wear the appropriate PPE, including, but not limited to, safety footwear, reflective bibs/jackets, hard hats, gloves and goggles as appropriate.

The proponent need to be aware that the current electrical feeds at the Bus wash System is 208V, 3 phase, 60Hz and 120V, single phase, 60Hz. Additionally, the current wash pump is rated at 20HP and the inline filter is rated for 45-70 USGPM at 150 psi max. All waterlines are 1".

Note that proponent's design solutions will need to meet all the requirements noted below. DPT can assist with where proponents can obtain information on these:

1. Bermuda Building Code (IBC2012)
2. Mechanical, Electrical and Plumbing Codes and Standards referenced in the Bermuda Building Code
3. Fire Codes and Standards (NFPA Codes enforced in Bermuda)
4. Department of Environment & Natural Resources requirements (Pollution Control: disposal of wastewater)
5. Health and Safety requirements.

See Annex C - Bus wash Location & Direction of Travel

## **Provision of Manufacturer's Supervisory Services for the Installation**

Proponents should be aware that the successful contractor will be required to supervise the installation of the new system at the existing location. There are qualified mechanical and electrical contractors available on the island, who are capable of installing such equipment.

See Annex D - Bus wash Entrance

## **Testing and Commissioning of Bus Wash System**

The successful contractor will be required to test, commission and retest the completed Bus Wash System to ensure that a fully operational system is handed over to the Department of Public Transportation.

## **Training of System operators and maintenance personnel**

Proponents should be aware that the department has a Training Room in close proximity of the wash bay, complete with internet connectivity and modern Training Room technology.

## **Warranty**

Proponents should be aware that Maintenance & Support will be required beyond the 12-month warranty period. Though these services would be at an agreed fee, the successful contractor must make themselves available for telephone support.
