

GOVERNMENT OF BERMUDA

Economic Development Department

The Economic Development Department (EDD)

Advancing the sustainable growth, development and diversification of Bermuda's economy.

Bermuda is a sophisticated Business center that is best placed to bring innovative risk and insurance, high-net-worth services, and technology due to our emphasis on collaborative innovation, regulatory excellence, speed to market, and top talent across industry sectors.

EDD'S OBJECTIVES

- Facilitating, creating, and implementing policies to support the Economic Recovery Plan.
- In collaboration with industry stakeholders, positioning Bermuda as an ideal test market for innovative product and industry development.
- Analyzing innovative developments and trends through research and stakeholder engagement.
- Identifying the jurisdiction's market fit, clearly communicating its message, and driving opportunities that spur economic activity.
- Identifying, developing and implementing policy and legislative initiatives that generate industry confidence.

EDD'S SERVICES

Business Services

➤ Solidifies relationships with inbound interest as guided by the Economic Recovery Plan, and handles both the Incentives for Job Makers and the Alien Land Licensing Processes.

Communication, Education and Compliance

➤ Works to develop a sustained, informed, skilled, and connected talent pool for Bermuda to propel the jurisdiction as it works to consolidate its position as a global leader in Fintech.

Legislative Affairs & Research

➤ Assists with the initiation of public and private legislative initiatives that are intended to improve corporate product and service offerings.

Concierge and Engagement Services

➤ Provides concierge services to Bermuda's in-bound investors through streamlining and expediting government processes.

Office of Fintech

➤ Responsible for accelerating the growth of Bermuda's fintech ecosystem by advancing business development, education and training.
