Notes for the Tenderer

The essence of Open Tendering is that the Government of Bermuda shall receive bona fide competitive Tenders from all persons tendering. In recognition of this principle, all entities or persons that submit a tender will be required to confirm that the tender has been submitted without any form of collusion by signing a Certificate of Confirmation of Non-Collusion.

The Certificate of Confirmation of Non-Collusion is a mandatory requirement from all tenderers. Any bids submitted which do not include a signed copy of the Certificate will be wholly rejected and will not be included in the evaluation process.

If it is later found that the undertakings made below have been breached at any stage of the process, the tenderer will be expelled from the process immediately. In the event that this is discovered after a contract award, legal action may be taken against the tenderer and/or any party involved in the matter.

False submissions may result in the exclusion of the tenderer, and any other person or company involved in collusion, from bidding for future contracts tendered by the Government of Bermuda.
