ADDENDUM No. 1

DATE: 8th November 2016
PROJECT NAME: Network and Server Infrastructure Support for the Bermuda Police Service
PROJECT NO.: WO-6053
TO: Bidders

The following information supplements and/or supersedes the bid documents dated 24th October 2016.

This Addendum forms part of the bidding documents and is to be read, interpreted and coordinated with all other parts.

The following questions and answers supplement the information contained in this Request for Proposal issued for the above named project to the extent referenced and shall become part thereof.

This Addendum No. 1 contains 1 page

Description: Questions from a Potential Bidder

Question	Answer
1. Does the BPS have to standardize on VMWare or could Hyper-V be considered?	The Bermuda Police Service has a significant investment in VMWare. While we are open to considering other virtual platforms any proposed solution would need to seamlessly integrate into our existing infrastructure and make financial sense
