In order to assist the Government in the comparison of financial proposals, the financial proposal will include a breakdown of this lump sum amount (including number of anticipated working hours).

The maximum number of points assigned to the financial proposal is allocated to the lowest price proposal. All other price proposals receive points in inverse proportion. The point's allotment will be calculated based in accordance with the following formula.

Maximum number of Points X (Lowest Price Proposal/ Price of the proposal evaluated)= Scored Points e.g. 40 points x (150/200) = 30 points

- (ii) Where there is a discrepancy between the amounts in figures and in words, the amounts in words will govern; and

Notes for the Proponents

The essence of Open Tendering is that the Government of Bermuda shall receive bona fide competitive proposals from suitably qualified persons or entities. If it is later found that the undertakings made below have been breached at any stage of the procurement process, then the proponent will be expelled from the process immediately. In the event that this is discovered after a contract award, legal action may be taken against the proponent and/or any party involved in the matter.
